To Whom May it Concern

This is to certify that Roman Miah has been employed at Motex Fashion as an assistant mechanical engineer from 01.02.2018 until 31.05.2018.

The Employee has worked as an assistant mechanical engineer. Main tasks included regular maintenance and checkup of the machines by lubricating machine parts and other moving parts, making sure that electrical connections are working properly, troubleshooting in the time of breakdown, conducting safety training with staff, and also Documentation. His contributions have been instrumental in driving the company's growth and success. Roman Miah's performance has consistently surpassed our expectations and has proven to be an invaluable asset to our organization.

The certification is being issued upon her request for whatever purpose it may serve.
